- SQL & MySQL
- Power BI
- Tableau
- Python Basics for Data Analysis
- Data Cleaning & Data Validation
- Dashboard Creation & Reporting
- MS Office Suite
- Analytical Thinking & Problem Solving
- HTML, CSS, JavaScript Basics
- Git & GitHub Basics
- VS Code

## EDUCATION

|                                                                                                                                |             |
|--------------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>Master of Computer Applications (MCA)</b><br><i>E.G.S. Pillay Engineering College, Nagapattinam   Score: 80.80%</i>         | 2021 – 2023 |
| <b>Bachelor of Computer Applications (BCA)</b><br><i>E.G.S. Pillay Arts &amp; Science College, Nagapattinam   Score: 80.1%</i> | 2018 – 2021 |

## PROJECTS

### SQL Layoffs Data Analysis Project

- Collected and analyzed global layoffs data from 2019 to 2023 across multiple companies and countries.
- Cleaned and analyzed layoffs data using SQL, performed reporting, and identified yearly top companies.

### Bike Sales Excel Dashboard Project

- Analyzed bike sales data across different countries using Microsoft Excel.
- Performed analysis based on customer purchasing behavior, bike ownership status, average salary, and commute distance.
- Created pivot tables and interactive dashboards for data visualization and reporting.
- Generated insights on customer demographics and bike purchase trends.

### Swiggy & Zomato Sales and Order Analysis

- Developed a Power BI dashboard analyzing sales, orders, revenue, restaurants, and customer trends.

### Virat Kohli 71st Century Analysis

- Built an interactive dashboard covering opponent, venue, highest score, and match insights.

### IPL 2025 Performance Analysis

- Created a dashboard comparing team, batting, and bowling performance with interactive visuals.

## CERTIFICATIONS

- Java Full Stack Development — QSpiders
- SQL — Simplilearn

## ADDITIONAL INFORMATION

- Strong written and verbal communication skills
- Quick learner with adaptability to new tools and processes
- Capable of working in rotational shifts and target-driven environments
- Good understanding of process accuracy and quality standards
